Abstract

Keywords:

1. Introduction

1. Intro data mining

2. Intro Fim

3. Intro Distributed Frameworks

2. Problem statement

1. Why FIM for Big Data

2. Which are the challenges

3. Related works - Survey

Analysis of the state of the art

4. Frequent Itemset Mining for high dimensional data

PaMPa-HD

5. **Applications of Frequent Itemset Mining to distributed frameworks**

   1. MGI-Cloud
   2. Nemico

6. **Conclusion**
